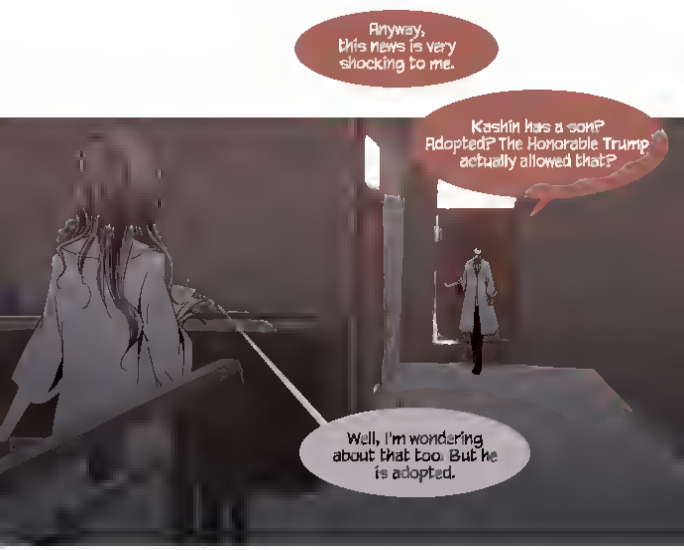
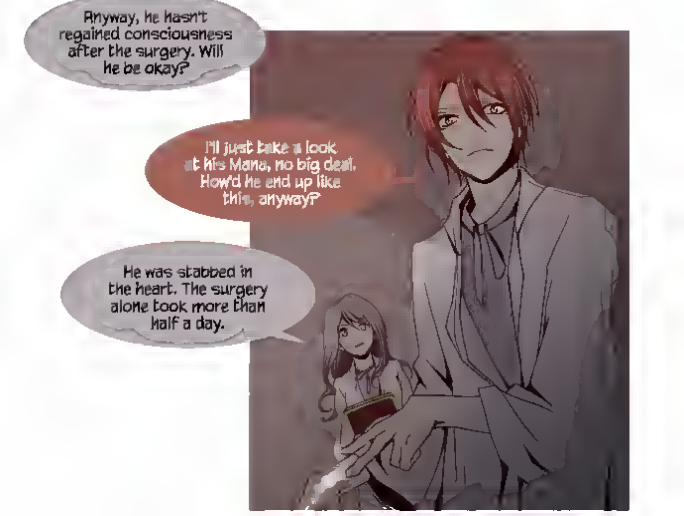
Clack
Oh, you're here, Psyllos.
Damn brats, telling me to come and go. Don't they know how busy I am?



Anyway, this news is very shocking to me.
Kashin has a son? Adopted? The Honorable Trump actually allowed that?
Well, I'm wondering about that too. But he is adopted.

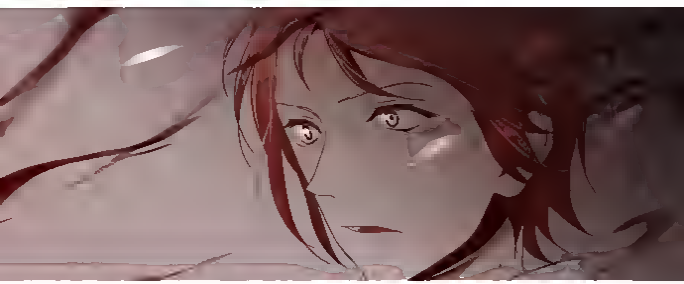


Anyway, he hasn't regained consciousness after the surgery. Will he be okay?
I'll just take a look at his Mana, no big deal. How'd he end up like this, anyway?
He was stabbed in the heart. The surgery alone took more than half a day.

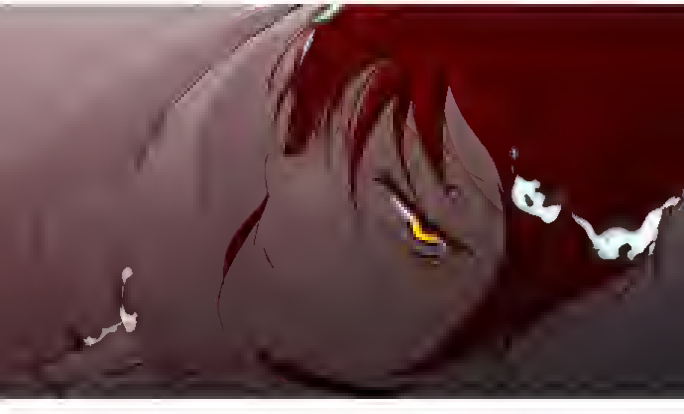
No, not that. I mean his Mana

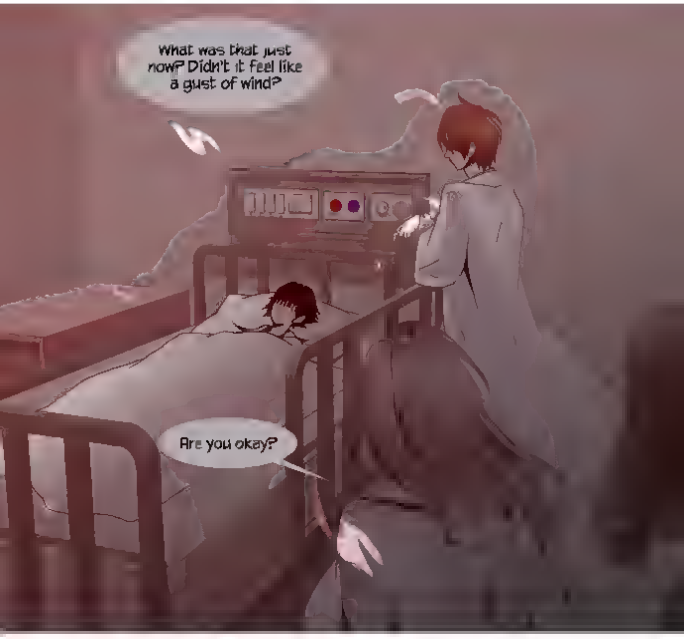
I had trouble breathing as soon as I walked in here.

What could his Innate Mana possibly be?

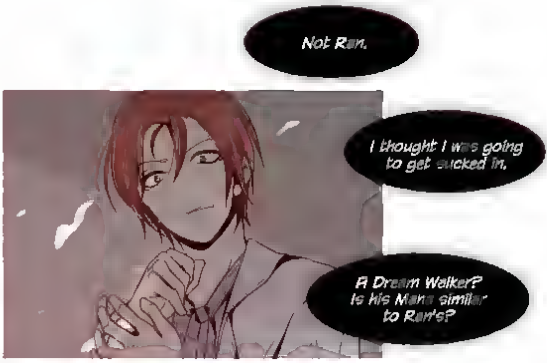


Ran?





What was that just now? Didn't it feel like a gust of wind?
Are you okay?

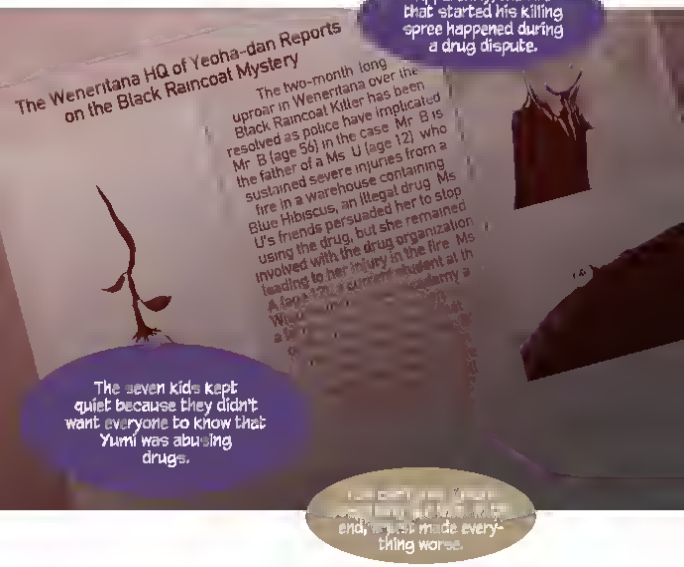


Not Ran.
I thought I was going to get sucked in.
A Dream Walker? Is his Mana similar to Ran's?

No...
Kashin, you...!

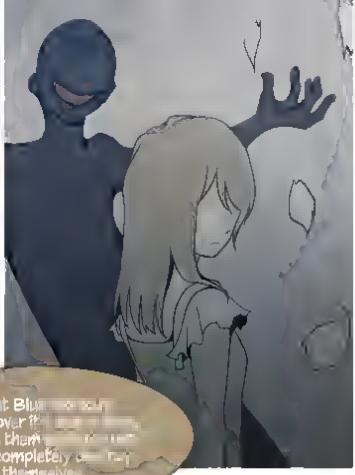
Trump

Look at this.
An article about Black Raincoat.



Apparently, the fire that started his killing spree happened during a drug dispute.
The Wenenitana HQ of Yeoha-dan Reports on the Black Raincoat Mystery
The two-month long uproar in Wenenitana over the Black Raincoat Killer has been resolved as police have implicated Mr. B (age 56) in the case. Mr. B is the father of a Ms. U (age 12) who sustained severe injuries from a fire in a warehouse containing Blue Hibiscus, an illegal drug. Ms. U's friends persuaded her to stop using the drug, but she remained involved with the drug organization leading to her injury in the fire. Ms.
The seven kids kept quiet because they didn't want everyone to know that Yumi was abusing drugs.
end, only made every-thing worse.

But I kinda understand.
If you or Ran—no, not Ran. If you committed a crime, I would also pretend to not know about it.
Would you?



It's such a shame she got involved in something like that

That Blu[illegible] takes over it[illegible] keeping them[illegible] they completely[illegible] themselves.

All drugs are like that, though.

Well, right now, it's not really our problem.

That is

He's been folding paper for hours now.
He's so focused, it's kinda amazing.

Stop it now.

Stop rebelling and go back to Hya. Go live somewhere else, or something.

I'll try to do something about Ten, the police, and Hya's friends.

I'll do everything I can to help you; just do whatever Hya asks of you.

I tried everything.

I told him to block his memories. I even had him research you, hoping that he would accept the truth.

I've said and done very cruel things to him, hoping that things would go the way I wanted
What are you?

Dad–

But that's not what he wants

I only needs to be with you.
Isn't that the same for you?
The more difficult a situation, the more you need to face it head-on
You need to do that right now. Make a decision before it's too late
HEY! WHO DO YOU THINK YOU ARE?
MOVE, NOW!
WHOA! KASHIN! PSYHEE'S HERE
Oh Psyhee
Kashin!

Where's Ran?

Me?

Look at yourself

I knew it'd be like this!

Why didn't you tell me you had a kid?!
Did you really think you could singlehandedly deal with a child of you and Senika? You -- a highly dangerous Mana user?!
Why?
That's what it is! Highly dangerous Mana!

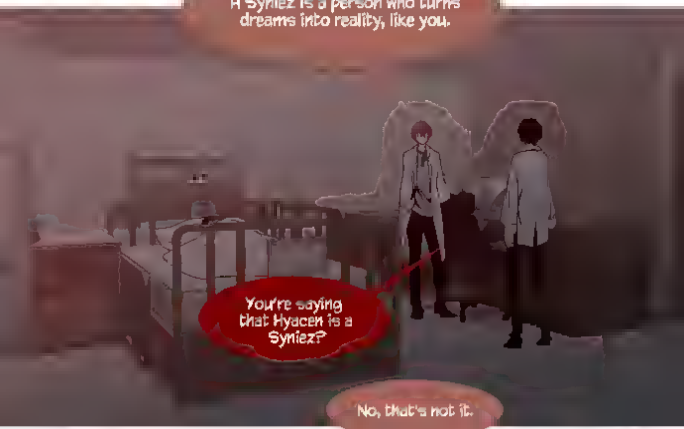
Follow me.

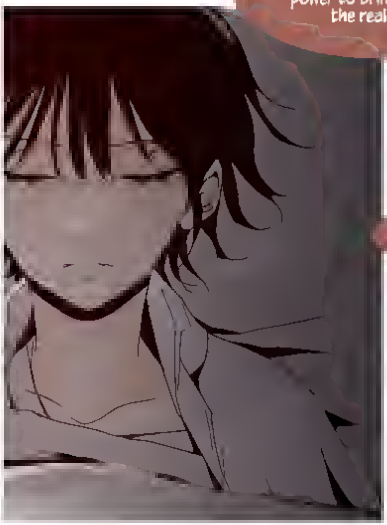
We need to talk.

Everyone needs a private space
that only they can access.

Usually, it's their mind or their dreams. But some people can turn those things into reality

A Syniez is a person who turns dreams into reality, like you.





He has lucid dreams like you, but he doesn't have the power to bring them into the real world.

He does the opposite.

During the incident, you reached your hand inside him and removed the items that his body was rejecting.

You say his Innate Mana hasn't developed yet?

Then this is the only way.

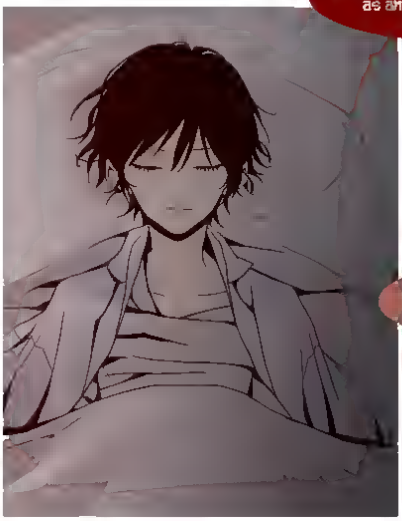
STAB

I'm sure you already had a vague idea that when you reached inside, your hand actually went into Hyacen's dreams.

KEUK!

Hyacen can't push his dreams out into the real world, but he can pull things from the real world in and out of his dreams.

Whether those things are objects or people, once they're in his dreams, he can do whatever he wants with them.



Isn't that as dangerous as any other Symlez?
That's exactly right.

As a Highly Dangerous Mana user yourself, I'm sure you understand that...
...If others learn of this...

...it will be just as it was for you 200 years ago. He will face isolation from society and solitude, or even.

...the death penalty.

to be continued...
